ST CATHERINES SUPPLIES ORGANIC **NEWSLETTER SPRING 2018**

Dear Customer.

Despite a sharp frost today and brilliant sunshine the ground is very wet and will take a lot of drying out. Prices for Organic produce remain relatively firm and may it continue.

Supplies of Organic Fertilisers and Organic Herbage Seed are readily available but Organic Cereal Seed is in very short supply.

Organic Arable Silage Mixtures need Ordering *NOW* as supplies are very tight.

ORGANIC FERTILISERS

We are please to announce that Tony Hinman of NPK Fertilisers Ltd (01297 441107) will be available to help with your Organic Fertiliser problems.

Tony is one of the foremost authorities in the UK on the use and supply of Organic Fertilisers.

NATUREL GYPSUM

THE BEST FERTILISER TO RESTORE WATERLOGGED GROUND

- Contains useful amounts of nutrients Magnesium Calcium and Sulphur
- Enhances Soil Structure on heavier soils to produce a better tilth
- Improves Drainage and allows soils to dry out more quickly
- Improves Bacterial activity in the soil
- Enhances Potato Quality

POLY SULPHATE naturally occurring British mineral fertiliser

0/0/14+48SO₃ + 6MgO +17 CaO

Readily available Sulphur Potassium and Magnesium

SUPER SLAG BASIC

“Possibly the best Grassland Fertiliser for Sweetening Pastures”

Acts to lower soil ph to enhance soil fertility with a neutralising value of some 60%, and a source of phosphate.

PRICES ARE VERY COMPETITIVE THIS YEAR

Can be delivered to all parts of mainland UK

We can supply:-

NATUREL GYPSUM Typically 48% SO3
ROCK PHOSPHATE 29/30% Phosphate
GYPHOS Gypsum + PK
